**SHORT SCHEME FOR MISSION RABIES**

**Financial Assistance to Mission Rabies Goa  
Phase II Mass Vaccination Programme**

Whereas, the Government of Goa deems it expedient to frame a short scheme for the purpose of small animal rescue in the State of Goa.

Now, therefore the Government of Goa is hereby pleased to frame the following scheme, namely:—

1. *Short title and commencement.*— (a) This scheme may be called “Short Scheme for Mission Rabies”.

(b) It shall come into force with effect from the date of enforcement of MOU.

2. *Introduction.*— According to a rough estimate there are around 30,000 stray dogs in this State. A number of them were not cared for and are left either wounded or suffering from various diseases. Government of Goa is concerned about the suffering of stray animals on the streets and has come up with a scheme to reduce the suffering of the stray dog population. Unregulated breeding has resulted in large number of sick and starving dogs and puppies on the streets and beaches. The Corporation, Municipalities and Panchayats will work with International Animal Welfare Organization (Mission Rabies) in the State to try to scientifically reduce and manage the number of strays by sterilizing them and vaccinating them against Rabies, resulting in control of the stray dog population as well as protecting them against Rabies. The dogs once vaccinated against Rabies, cases of Rabies in humans will also reduce in the State. The main goal is to improve the welfare of stray dog population through a comprehensive

sterilization programme carried out as part of the Animal Birth Control (ABC) scheme, under the Prevention of Cruelty to Animals Act, 1960, and rules made there under.

Mission Rabies worldwide Veterinary Services have formulated a programme in Goa keeping in mind two main aims i.e. Eradication of Rabies disease and Rabies free Goa. The programme was framed in 2 Phases. The Phase I is already completed by them by covering Sterilization of 20414 dogs and vaccinating about 35,500 dogs by utilizing their own funds as said in their Reports.

Now, the organization has approached the State Govt. requesting to extend financial support in Phase II in the form of Grant-in-aid.

3. *Objectives.*— (a) To ensure that the stray dogs do not proliferate, thus reducing their population.

(b) To ensure that these strays are protected against Rabies and will not be carriers of Rabies and spread it to other Animals and Humans.

(c) To ensure the safety and welfare of citizens as these strays are being controlled in number and also vaccinated against Rabies.

(d) To decrease public anxiety and Rabies deaths in Goa.

(e) To boost the Tourism Industry due to reduced Rabies Menace in Goa.

(f) To establish accurate canine population demographic and total dog number by utilizing smart phone and GPS technology.

(g) To eliminate Rabies by strategic and scientific way from State of Goa by 2017.

4. *Eligibility.*— (a) International Animal Welfare Organization (Mission Rabies) authorized by the Animal welfare Board of India, only eligible to apply.

(b) Those Organizations who have applied for Grants from the Animal welfare Board of India for the same components shall not be eligible for the same grants under this scheme.

5. *Pattern of Assistance.*— (a) As these animals have to be caught from the road side

they need to be brought by a vehicle with a driver cum animal catcher. Grants up to 100% will be given to cover the wages of the dog catchers and Veterinary Assistants in this scheme.

(b) After the animals are brought to the shelter, they will be vaccinated by a Veterinary Surgeon. 100% grants will also be given towards the payment of the monthly salary of the Veterinary Surgeon.

(c) The cost of the vaccination will include vaccines, syringes and needles for which 100% grants shall be provided.

(d) The post vaccination survey staff including their transport for carrying out the epidemiological survey will be considered, for which 100% grants shall be provided.

(e) Suspected Rabies cases for laboratory tests and diagnosis will require cold chain (Refrigerator and Electricity) and Rabies test kits for which 100% grants shall be provided.
